FROM: Gregg Zody *GZ*  
Director, Community Development

SUBJECT: Business Grant Update

DATE: October 19, 2020

To provide a brief background and update regarding COVID-19 related grant funding:  
(Individual guidelines are attached).

**1. Tillamook Creamery:**

The County applied for and received a \$100,000 grant from Tillamook Creamery Association (TCCA) late this Summer. Combined with a County contribution of \$50,000, this money will assist hospitality-related businesses (serving TCCA products), and is matched by Business Oregon award of \$150,000. Staff will be posting the Tillamook announcement flyer with guidelines hopefully by week's end.

**2. Business Oregon:**

The Oregon Legislature, in partnership with the Governor, allocated \$5 Million from the State General Fund, which will be combined with \$5 Million redirected from existing programs at the Oregon Business Development Department (Business Oregon), for the purpose of providing financial assistance to small businesses adversely affected by economic conditions associated with the COVID-19 pandemic that have not received federal emergency assistance under the federal CARES Act or other federal program for emergency pandemic funding.

To fill gaps not reached by other programs, these state funds are directed to adversely affected businesses with 25 or fewer employees, and only those that have been unable to receive federal CARES Act funding, including the Small Business Administration's Paycheck Protection Program, Economic Injury Disaster Loan Emergency Advance program, or other federal programs for emergency pandemic funding to date. Businesses may use the proceeds for any business-related operating expenses.

**3. Resiliency Fund:**

The County recently allocated \$450,000 for the purpose of providing financial assistance to small businesses adversely affected by economic conditions and/or expenses, and loss of revenues incurred as a direct result of the COVID-19 pandemic to fill gaps and augment other programs,

these funds are directed to adversely affected businesses with 25 or fewer employees. Businesses may use the funds for any business-related operating expenses.

Staff is sending out notice to our local Chambers to serve on an advisory committee to review applications and then disburse the funds to qualifying businesses.

Staff will be posting the attached guidelines with application instructions on the County's Facebook page in addition to the County website and our respective Chamber partner's pages.

Attachment - Guidelines

### **Tillamook Creamery**

Morrow County Board of Commissioners and Tillamook County Creamery Association (TCCA) announced today the availability of \$300,000 in grants to local businesses and 501(c)(3) nonprofits that were severely impacted as a direct result of the COVID-19 pandemic. The grant is an equal match of \$150,000 from the TCCA's Hometown Resilience Fund and federal CARES Act funding provided by Business Oregon.

The grant is limited only to Morrow County businesses and to 501(c)(3) nonprofits and must meet the following criteria:

- The business must have 25 or fewer employees.
- The business must be headquartered in Oregon and have its principal operations in Oregon.
- If required by Oregon law to be registered with the Oregon Secretary of State to do business in Oregon, the business must be registered.
- The business was affected in either one of the following ways: 1.) Prohibited from operation as directed by Executive Order 20-12 or 2.) Can demonstrate a one-month decline in sales of 50% or more, beginning in the month of March 2020.

Funding amounts range from \$2,500 to \$25,000 depending on the number of employees and amount of 60-day fixed expenses, and the funds can be used for any business-related operating expenses.

Certain businesses and 501(c)(3) organizations may be ineligible to apply for the grant. Among them are those that have already received grant funds through the State of Oregon COVID-19 Emergency Business Grant program or from the Statewide Business and Cultural Support Program. Please review grant application for all restrictions and non-eligible conditions.

### **Business Oregon -State of Oregon COVID-19 Emergency Business Grant Application**

The Oregon Legislature, in partnership with the Governor, allocated \$22.5 Million of federal CARES Act funds for the purpose of providing financial assistance to small businesses adversely affected by economic conditions as a direct result of the COVID-19 pandemic.

To fill gaps not reached by other programs, these federal funds are directed to adversely affected businesses with 25 or fewer employees. COVID-19 Emergency Business Grant awards to eligible businesses that have received federal funding will be reduced by the amounts of federal funding received from those programs. Businesses may use the proceeds for any business-related operating expenses.

This application is for a business that meets all of the following eligibility requirements:

- The business is headquartered in Oregon and has its principal operations in Oregon.

- If required by Oregon law to be registered with the Oregon Secretary of State to do business in Oregon, the Business is so registered.
- The business has 25 or fewer employees.
- The business was adversely affected in either one of the following two ways:
  - For-profit and non-profit (limited to 501(c)(3) corporations) businesses that were prohibited from operation as directed by Executive Order 20-12.
  - For-profit and nonprofit (limited to 501(c)(3) corporations) businesses that can demonstrate a one-month decline in sales of 50% or more, incurred by the COVID-19 pandemic beginning in the month of March 2020, up to the date of this application as compared against sales in the month of January 2020 or February 2020, or as compared against the same period of time in 2019.

The following businesses are ineligible to apply for or receive funding under the Program:

- Passive real estate holding companies and other entities holding passive investments.
- Non-profit entities that do not have federal 501(c)(3) status.
- Businesses that experience a decline in revenues for reasons other than those caused by the COVID-19 epidemic (e.g. seasonal or cyclical businesses cycles).
- Businesses that are delinquent on federal, state or local taxes that were due on or before the date of application.
- Businesses that do not comply with all federal, state and local laws and regulations. Businesses that have already received grant funds through this State of Oregon COVID-19 Emergency Business Grant program or from the Statewide Business and Cultural Support Program.
- Businesses that have received more federal CARES funding (e.g. PPP or EIDL) than available to eligible businesses set forth by this program in this application.
- Businesses that do not otherwise meet the eligibility requirements set forth above.

### **Morrow County COVID-19 Emergency Business Grant Application – Resiliency Fund**

Morrow County allocated \$450,000 for the purpose of providing financial assistance to small businesses adversely affected by economic conditions and/or expenses incurred as a direct result of the COVID-19 pandemic.

To fill gaps and augment other programs, these funds are directed to adversely affected businesses with 25 or fewer employees. Businesses may use the funds for any business-related operating expenses.

This application is for a business that meets all of the following eligibility requirements:

- The business is headquartered in Morrow County and has its principal operations there.
- If required by Oregon law to be registered with the Oregon Secretary of State to do business in Oregon, the Business is so registered.
- The business has 25 or fewer employees.
- The business was adversely affected in either one of the following two ways:

- 1) For-profit businesses and non-profit 501(c)(3) that were prohibited from operation as directed by Executive Order 20-12.
- 2) For-profit businesses and 501(c)(3) that can demonstrate a decline in sales, incurred by the COVID-19 pandemic, beginning in the month of March 2020 up to the date of this application, as compared against the same time period in 2019.

The following businesses are ineligible to apply for or receive funding under the Program:

- Non-profits other than 501(c)(3)
- Businesses that do not otherwise meet the eligibility requirements set forth above.

Business information, ownership information for all applications submitted, reviewed, approved and/or denied will include, but not be limited to:

- Name of company
- Employer Identification Number (EIN)
- Oregon Business Identification Number (BIN)
- Address of company
- Legal business structure
- Future vision

Applications will be reviewed by a panel that may include County, Chamber, City and/or Economic Development group representatives.

The amount awarded will be on a case-by-case basis, as scored by the selection committee and further agreed to, or adjusted by the County Board of Commissioners.

## 1. ISSUES, BACKGROUND, DISCUSSION AND OPTIONS (IF ANY):

Amazon Web Services has filed for a zone change with City of Boardman, application number PAPA-02-2020. The zone change proposes to rezone 7.78 acres of a larger 70.39-acre parcel. The current zoning of the 7.78-acre parcel is Tourist Commercial and the proposed zone is General Industrial, the same as the balance of the large parcel.

Morrow County has an interest in this legislative action as both an adjoining property owner and also generally as a local agency. Consideration for a rezone requires, among other things, that the Findings document explain how the rezone will comply with the Transportation Planning Rule, Statewide Planning Goal 12 Transportation and the 2009 City of Boardman Interchange Area Management Plan (IAMP). The IAMP was developed and adopted by the City in consultation with Oregon Department of Transportation and Morrow County with the purpose of ensuring new development occurs in such a way that protects the public investment in streets and roads and highways and to ensure the short term and long term functionality of the street network.

While only one parcel is under consideration with this zone change, it is imperative that each property comply with recommendations set forth in the IAMP. Any change to use of a property within an IAMP, such as the proposed zone change, requires consideration of future traffic impacts. The draft Findings do not explain how the property rezone will comply with the IAMP or whether the IAMP requires amendments to accommodate future development of this parcel.

County requests a Continuance of hearing and a meeting with City, ODOT and the applicant in order to explore in more detail the impacts of the rezone on the IAMP.

See attached letter and attachment for further explanation

**Using the web-based conferencing service ZOOM on any mobile device.**

**This meeting is available to the public using:**

**<https://zoom.us/j/2860039400>**

The purpose of this hearing is to receive public comment concerning a request for a Zone change and Map Amendment for Tax lot #411 of Morrow County Tax Map 4N 25 9. The property is a 7.78 acre parcel, currently zoned Tourist Commercial (Commercial Highway Sub District). The request is to re-zone 7.78 acres to be zoned General Industrial District. This notice was released on July 30, 2020, and has been on hold and is now being re-noticed

You are receiving this notice by mail if you own property within 250 feet of the existing property boundaries, or you have requested notice. The staff report for this hearing will be available Friday, The Preliminary Findings can be found, at [www.cityofboardman.com](http://www.cityofboardman.com) on the city's website.

The citizens of Boardman are invited to appear at the hearing and comment on the aforementioned matter or request.

RE: Amazon Web Services Zone Change PAPA 02-2020

Dear Mr. Beyeler,

Thank you for providing notice to Morrow County as an adjoining property owner. County has interest both as an adjoining property owner, as well as, a public entity with ownership and responsibility for road maintenance in the area. Our Planning Staff received your Findings for the above referenced zone change application on October 15<sup>th</sup>, six days prior to the Planning Commission hearing. Based on staff review of your draft Findings, we offer the following comments. Please submit this letter into the record of the Planning Commission.

### Interchange Area Management Plan, Goal 12, Transportation Impacts

The 2009 City of Boardman Main Street Interchange Area Management Plan (IAMP) is not addressed in the City Findings. Where the subject property is located within the 2009 (IAMP), Findings to show compliance with the IAMP, as well as, Statewide Planning Goal 12 should be included in the City's Findings in sufficient detail to guarantee future compliance with the IAMP. See IAMP Figure 3.1. Findings should also specifically address what city road network(s) will be utilized and how. The AWS Data Center relies on access to a county roadway, Olson Road, even though the IAMP shows access from Front Street and Oregon Trail Boulevard. This rezone application should make it clear how the 7.78-acre area will access city roadway infrastructure. The IAMP shows access to the 7.78-acre area will be Front Street and Oregon Trail Boulevard via a new north-south road. See IAMP Figure 5-6.

The Findings submitted by Mr. Seth King, on behalf of Amazon Web Services (AWS), reference Exhibit 4, an analysis by Kittelson & Associates. Exhibit 4 however, does not address underlying and future traffic generated from the 7.78-acre site. Rather, it concludes summarily that the site is undeveloped and that a rezone to General Industrial is more compatible with adjoining properties. The applicant's materials do not include traffic data to support a conclusion about traffic impacts. See Exhibit 4, page 1 of 7. Note: only page 1 is included in the Planning Commission Packet; possibly materials were left out inadvertently.

Mr. King correctly states that the appropriate Goal 12 analysis requires local governments to determine whether a proposed plan amendment will “significantly affect” any existing or planned transportation facility; and that “If a significant effect is identified, the local government must adopt measures to mitigate the significant effect.” OAR 660-012-0060(2). See Page 8 of Mr. King’s narrative. We agree with Mr. King on this matter, that a local government must adopt measures to mitigate specific impacts. However, because there is not sufficient detail in either the application or the City Findings, or the information from Kittelson & Associates, we cannot make a conclusion about the specific impacts or appropriate future mitigation measures.

Consistency with Comprehensive Plan

We agree with your Findings that the application does not comply with the Comprehensive Plan insofar as “[T]he Tourist Commercial zone was created to act as a buffer between a residential zone and a General Industrial Zone when previously approved in 2018.” Findings Page 2. We also agree with staff Findings at Goal 9 Economic Development where the rezone would not be consistent with Economic Policy #2 “encourage tourist commercial activity near Interstate 84.” Findings Page 4. The result of this rezone would be to reduce the Tourist Commercial Zone by 20%. We defer to city on how to reconcile inconsistencies between the zoning change and the Comprehensive Plan.

Request for Continuation

Based on the above, we would like to request the City Planning Commission continue the hearing until such time as additional information relative to compliance with the IAMP is provided. Additionally, we would like to request a meeting with applicant, city staff and Oregon Department of Transportation (ODOT) to discuss the transportation matters more thoroughly and to reach a conclusion about appropriate mitigation.

Thank you for your consideration. We look forward to meeting with you.

Sincerely,

Re: Boardman rezone site -- Tax Lot 411, Section 9, Township 4 North, Range 25 East, including 7.78-acre site

Dear Mr. King:

Parametrix has performed due diligence research for the Boardman rezone site which is Tax Lot 411, Section 9, Township 4 North, Range 25 East. This 80.2-acre tax lot is inclusive of a 7.78-acre site located along the western area, below Tax Lots 418 and 419.

Due diligence included review of existing published reports and data, as well as discussions with representatives of the Port of Morrow, the City of Boardman, Morrow County, and Boardman Rural Fire Protection District. Based on information provided by the prospective developer and research conducted to date, it is our professional opinion that development of the 80.2-acre site is technically feasible subject to site-specific design considerations. We believe it is technically feasible to:

1. Connect to the public water system to support potential demand and maintain adequate supply to serve existing users,
2. Connect to the Port of Morrow's industrial wastewater discharge system to support potential capacity need and maintain adequate capacity to serve existing users,
3. Connect to the public sanitary sewer system to support potential capacity need and maintain adequate capacity to serve existing users, and
4. Develop on-site stormwater facilities to support project requirements.

**RE: Zone Change Transportation Assessment – PDX90 Campus**

Dear Barry,

This letter provides a transportation assessment for a proposed change in zoning for a 7.78-acre site as illustrated in Figure 1 below. The site is located within the City of Boardman and is generally bounded by the Frontier Court Mobile Home Park to the west, a BPA transmission line easement to the south, highway I-84 to the north, and a data center (currently under construction) to the east.

Figure 1 - Site Vicinity Map

The site is currently undeveloped and consists of both Residential (Manufactured Home Sub District) and Tourist Commercial (Highway Sub District) zones as summarized below in Table 1. In order to be more compatible with the adjacent data center site and provide continuity to that use, all 7.78 acres are proposed to be rezoned to General Industrial.

October 21, 2020

Greg Smith, Executive Director  
Columbia Development Authority  
P.O. Box 200  
Boardman, Oregon 97818

RE: October 8, 2020 Vote  
October 22, 2020 Meeting

Dear Mr. Smith,

The Morrow County Board of Commissioners urges the Columbia Development Authority to rescind the October 8, 2020 motion to “Memorialize the collective intent to deed the industrial property to the Port of Morrow and the Port of Umatilla after the transfer of the depot is completed.” The topic was never listed or noticed for the October 8, 2020 Columbia Development Authority Board Meeting. Umatilla County Commissioner Bill Elfering correctly states in his October 14, 2020 letter:

“Section 5(c) of the IGA requires that all Board members be provided with ‘written notice of the meeting and proposed action.’ There was no advance notice to the Board of the proposed action; it was not listed on the agenda. . . . The illegal vote taken on the motion needs to be declared by the Board at our next meeting as null, void and stricken from the minutes. In the meantime, no action is to be taken implementing the motion.”

In addition, the Intergovernmental Agreement states, “The Board and the Authority shall be subject to the requirements of the Open Meetings and Public Records and Public Contracting laws of the State of Oregon.” (IGA, 5(d)). Oregon Public Meetings law requires that the notice be reasonably calculated to provide actual notice to the persons and the news media that have stated in writing that they wish to be notified of every meeting. (ORS 192.640). The 2019 Attorney General’s Public Records and Meetings Manual specifies that the notice and agenda need to list the actual topics to be discussed:

“The notice must also ‘include a list of the principal subjects anticipated to be considered at the meeting.’ (ORS 192.640(1)). This list should be specific enough to permit members of the public to recognize the matters in which they are interested. For example, ‘public works contract’ probably is not a sufficient description when the governing body intends to let a contract for demolition of a landmark building.” (2019 Manual, Public Meetings, p. 151).

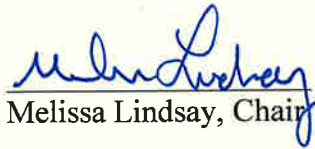

The outcry from the public and some members of the Columbia Development Authority makes clear that this topic could not have been brought-up during the “any additional business” section of an agenda (Exhibit 1). This topic deserves to be correctly noticed in an agenda and allow all parties to be prepared to discuss the matter.

*“The liberties of a people never were, nor ever will be, secure, when the transactions of their rulers may be concealed from them.”*

## Umatilla County commissioners feel 'blindsided' by CDA vote

**BOARDMAN** — What was expected to be a routine board meeting for the Columbia Development Authority on Thursday, Oct. 8, caught Umatilla County commissioners off guard when the board voted to draw up paperwork stating the Port of Umatilla and Port of Morrow should receive all of the industrial lands on the former Umatilla Chemical Depot once the CDA disbands.

“The word I would use was ‘blindsided,’” Umatilla County Board of Commissioners Chair John Shafer said. “I was kind of shocked. It wasn’t even on the agenda.”

Commissioner George Murdock described the vote as an “ambush” and said he and Shafer supported Commissioner Bill Elfering, who officially represents the county on the CDA board, in his vote against the decision.

“We are not happy,” he said.

The U.S. Army has already transferred 7,500 acres of the depot to the Oregon Military Department and is preparing to transfer the other 9,500 acres to the CDA, a partnership between Umatilla County, Morrow County, Port of Morrow, Port of Umatilla and the Confederated Tribes of the Umatilla Indian Reservation. As part of the agreement, the CDA will oversee the property for seven years before it disbands.

At the end of the Oct. 8 CDA meeting, after the board chair asked if anyone “has anything else for the good of the order,” Port of Umatilla General Manager Kim Puzey made a motion that as soon as the Army transfers the land to the CDA, the board adopt documents to “memorialize

our intent” to deed the industrially zoned portions of the property to the Port of Umatilla on the Umatilla County side of the county line, and the Port of Morrow on the Morrow County side of the line.

Zoning maps show 1,872 acres of industrial land in Morrow County and 1,278 acres in Umatilla County, mostly along interstates 84 and 82.

Puzey’s motion was seconded by Port of Morrow Manager Ryan Neal.

“I think that was the intent all along, but I don’t think we ever put anything in writing, so I think it’s important that we’re all on the same page because there’s a good chance that a lot of us won’t be there when it happens,” Neal said.

Morrow County Commissioner and CDA Board Chair Don Russell said turning the industrial property on the Morrow County side of the depot over to the Port of Morrow was “always the intent,” because the port had more expertise and money to develop the land, compared to the county.

Elfering said Umatilla County was interested in obtaining the industrial land in its territory when the seven years is up and he did not think the board was ready to make a final decision about ownership yet.

Bill Tovey, who represents the CTUIR on the board, agreed.

“It’s great getting wildlife properties, but it would sure be nice to be part of the industrial as well,” he said, referencing the plan to turn the wildlife habitat portion of the depot over to the Tribes.

Tovey and Elfering were outvoted by Puzey, Neal and Russell, however.

Elfering said after the vote that he felt it was inappropriate for the decision to be made for the Umatilla County side when two of the three board members from Umatilla County voted against it. He also said he didn’t think the decision needed to be made now, when the CDA

will continue to exist for seven years after the transfer takes place.

“I think we’re getting way out ahead of our skis on this issue,” he said.

Neal responded that getting the industrial parcels shovel-ready to attract development would require an extensive amount of investment in everything from demolition to new bridges.

“You could potentially be putting resources to something that never comes to fruition,” he said. “At least from our standpoint, when we start looking at infrastructure, if I’m going to put a 30-inch pipeline out to the depot, I need to have some sort of guarantee that I’m going to be able to service customers out there or have marketable land there or something.”

Puzey echoed that sentiment. He said if entities, such as the Port of Umatilla, are being asked to invest in the property, they should have a guarantee of what will happen to that investment when the seven years is up. He also referenced the CDA’s need to make decisions soon on how exactly to use the “perishable” \$9 million the Oregon Legislature appropriated in its 2017 transportation package for road projects at the depot.

“There are needs on both sides of the county line and there are limited resources that have been made available,” he said.

After the meeting, Puzey said his understanding in 26 years of work trying to get the depot returned to local control has always been that the ports would receive the industrial land.

He said he brought the motion to the floor after listening to talk of possible solar projects on the wildlife habitat area that would benefit the CTUIR, and talk of easements and feasibility study funding for Umatilla County for water and wastewater projects on the depot that would benefit the county. He wanted to make sure the ports didn’t get left out.

“From my perspective, it had to do with parity and proportionality so that everyone gets something,” he said.

He said ports in Oregon have a legislative mandate to “diversify the economy and expand trade,” and that narrow focus was better suited to handling the property than a county, which also oversees functions, such as public health and the sheriff’s office.

County commissioners said they wanted to see the county take ownership, however, not the port.

Shafer said after the meeting that it made more sense for the Port of Morrow to take over the Morrow County parcels, because it is a “very active” port.

“The Port of Umatilla is not,” he said. “Why would we want it to go to an inactive port?”

He said the county does not consider the matter settled after the vote, and will push for more discussion on the issue.

As the CDA board went through agenda items during the meeting, Executive Director Greg Smith outlined various reports and paperwork that had been completed, and said at this point the CDA had done all it could on its end for the transfer, and is just waiting on the signatures of the proper federal authorities.

“The good news, gang, is that we’re getting pretty close here,” he said.

# County will fight depot land decision

By [tmurry](#) on Friday, October 16th, 2020 in [Columbia Basin News](#) [Columbia Basin Top Stories](#)

**HERMISTON** – Umatilla County officials were stunned when the Columbia Development Authority Board of Directors voted that the depot land in Umatilla County would be given to the Port of Umatilla. Now, they're mad.

"We aren't going to tolerate that action," Commissioner George Murdock said. "It was wrong. I've talked to my colleagues and they've told me that they're prepared to take legal action."

The ceding of control was not an item on the agenda for the CDA meeting, and was brought up at the very end. The motion was to allow the industrial land in Umatilla County to be operated by the Port of Umatilla and the industrial land in Morrow County to be operated by the Port of Morrow. Morrow County did not object to the decision.

"It doesn't fit within their rules, their guidelines, their charter or anything else to do that in the first place," Murdock said. "That land belongs to the people of Umatilla County and it's worth quite a lot of money. We simply aren't going to roll over and let it go away."

The Umatilla county industrial land is valued at \$15 million. It's located near the intersection of Interstates 82 and 84.

The Climate Prediction Center calls for a La Nina weather pattern for fall and winter. What that means to this area is still up in

the air as far as National Weather Service Hydrologist Marilyn Lohmann is concerned. She says that the last four La Nina patterns definitely brought more rain to the area.

## Updates/Notes

Due to COVID, our office still communicates with many of our youth/families over face time visits and phone calls but have increased our face to face visits. We still take the necessary precautions by social distancing, meeting outside and wearing face masks.

Some updates regarding COVID and how it is impacting the Oregon Youth Authority (OYA) realm. There have been several youth that have tested positive for COVID at St. Mary's Home for Boys which is a residential program located in Beaverton. All youth remain quarantined and the program remains closed to visitors. MacLaren has recently been approved by OYA and OHA to move to phase 2 of reopening. This means visitors and youth may have a brief hug at the beginning and end of the visits, youth who are fathers, may have visits with their children and they will be removing some of the clear plastic booths at visitation. This is a big step to allow youth to have more contact with their families while in the facility as they have been unable to for the last several months.

Due to the current events that have taken place throughout our country, the Oregon Juvenile Department Directors Association (OJDDA), DHS and OYA will be looking at policies and procedures to assure diversity, equity and inclusion in our line of work. The juvenile justice system strives for fair and equal treatment for every youth in our system. Our office has begun to run reports to gather more data to see how Morrow County compares with the rest of the state when it comes to treating our population and making sure we are being fair and equitable towards all of our youth.

Christy began as the new chair for the Local Public Safety Coordinating Council (LPSCC) and is excited to help lead the team to new ideas and also to gain more information in the history of what our local LPSCC has done in the past.

Respectfully submitted by:

  
Christy Kenny, Juvenile Department Director

**The Loop**  
**Quarterly Update**  
**October 21<sup>st</sup> 2020**

### Covid - 19

The Loop is continuing to provide “Essential Rides” only. I would like to commend The Loop Drivers for their continued dedication to our riders. Many riders express their gratitude for The Loop service during the current circumstances. Human Resources continues to supply disinfectant for sanitizing the vehicles.

### Current Driver Status

- **Heppner** has two new drivers; Bill Workman is a retired Corrections Officer. Jesse Husband has experience working in the Customer Service industry. Both new drivers have been hired for the demand response driver position. Jack Lytton has officially retired from The Loop, he has served for fifteen years.
- **Irrigon** has two new drivers; Ron and Brenda Aliangan. Ron is a retired Construction Forman and Brenda is a retired Pilot Car Driver, both new drivers were hired for the demand response position. Dixie Earle is serving as a volunteer.
- **Boardman** has a new driver, John Blazer is a retired Truck Driver/Bus Driver, hired for the demand response driver position. Phyllis Gilbertson has served as a volunteer for many years and has recently been hired as a demand response driver.

### Other Business

- New Dispatcher

I am excited to announce that Heidi Turrell started August 17<sup>th</sup> as The Loop’s new Dispatcher. Heidi has a degree in graphic design and has been consulting for ten plus years. Heidi and I have been working together, updating many out dated forms and developing new dispatching data system methods. Heidi has a strong work ethic and is working great with our riders.

- STIF Discretionary Grant

I am currently working on STIF grant writing for several proposals. October 6<sup>th</sup>. I held a STIF work session to prioritize the proposals and gain feedback from our stakeholders. Applications are due November 2<sup>nd</sup>. Proposals are as follows: 1. Planning for Bus Barn 2. Vehicle Replacement 3. Vehicle Expansion 4. Operating for Fixed Route service

- Drug and Alcohol Policy

CIS and Human Resources are in the final review of The Loop’s drug and alcohol policy. With this policy in place, The Loop will be eligible for additional federal funding programs and CARES Act funding.

Sincerely,

*Katie Kimes*

Explosive Ordnance Disposal activity at NWSTF Boardman

NAVAL AIR STATION WHIDBEY ISLAND, WA - The Navy Explosive Ordnance Disposal (EOD) Mobile Unit 11 Detachment Northwest will conduct a demolition disposal at Naval Weapons System Training Facility (NWSTF) Boardman on 26 October, 2020.

The demolition activity will occur during daylight hours in the central section of the NWSTF property. A dust cloud, smoke, audible detonation and ground vibration may result from this operation. Safety and fire prevention precautions will be implemented to ensure operations pose no threat to people or property. If you have questions or concerns, please call the Public Affairs Office at NAS Whidbey Island, (360) 257-2286.

## Carty Generation Station

### Request for Comments on the Complete Request for Amendment 2 and Draft Proposed Order

Date Notice Issued: October 2, 2020

Request: Portland General Electric Company (certificate holder) seeks Energy Facility Siting Council (Council) approval of a second amendment to the Carty Generation Station (facility) site certificate to incorporate existing infrastructure shared by the facility and Boardman Coal Plant; modify the site boundary; and, construct and operate new related or supporting facilities. Request for Amendment 2 (RFA2) also seeks Council approval to amend conditions associated with its Water Pollution Control Facility (WPCF) permit, a permit governed by the site certificate, and other site certificate conditions.

Facility Location: Morrow County (existing) and Gilliam County (proposed)

Type B Amendment Review: This amendment request is being processed under Type B review which, in accordance with Oregon Administrative Rule (OAR) Chapter 345, Division 27, does not include a public hearing or opportunity for contested case proceeding.

A written public comment period is now open on the complete Request for Amendment 2 (RFA2) and the Draft Proposed Order on RFA2.

Comment Deadline: November 2, 2020 (5:00 PST)

Consolidated Permit Review: The amendment request includes an amendment to a WPCF permit, issued by Oregon Department of Environmental Quality (DEQ), a permit governed by the site certificate. Comments normally provided to DEQ during their review of a WPCF permit application or amendment request should be provided in response to this notice. (See notice contents pursuant to OAR 340-045-0027(4) provided as **Attachment 1** of this notice).

**Description of Facility (Operational/Approved):** Carty Generating Station is a 500 megawatt (MW) natural gas and solar energy facility, including an

operational 450 MW combustion turbine generator and 50 MWs of approved not yet constructed solar photovoltaic components (Carty Solar Farm), which must begin construction by February 2022 and complete construction by February 2025.

**Existing Facility Location:** The Carty Generating Station is located within an approximately 1,581 acre site boundary, approximately 13 miles southwest of the City of Boardman in Morrow County. The facility is adjacent to the Boardman Coal Plant. A map of the facility and proposed amended site boundary is provided as an attachment to this notice. For detailed maps, please see Figures 1 through 4 of RFA2 available on the [Department's website](#), or visit our online mapping tool at <https://tinyurl.com/EFSCmap>.

**Proposed Changes in Request for Amendment 2:** Facility modifications proposed in RFA2 include incorporation of existing common infrastructure shared by the facility and Boardman Coal Plant (BCP) including the 500 kilovolt (kV) Grassland to Slatt transmission line, Carty Reservoir, water discharge channel, sanitary sewer lagoons, Boeing well and pump; and, modify site boundary to extend into Gilliam County and incorporate the following existing BCP facility components into the site certificate: Construction substation, fire water tank, 230 kV Dalreed transmission line, 34.5 kV BCP railroad crossing at Tower Road transmission line, 12 kV underground distribution line, 480-volt underground distribution line, two evaporation ponds, irrigation pump station, 34.5 kV underground transmission line; and, construct and operate the following components: septic system, water pipeline, wastewater pipeline, security guard station, office and warehouse space, and a 230 kV substation (Carty substation).

This amendment request is related to the pending shutdown of the adjacent BCP, scheduled to occur by end of 2020.

**Comment Period:** Written comments on RFA2 and the Draft Proposed Order must be received by the Oregon Department of Energy (ODOE) **by 5 p.m. PST on November 2, 2020**, and must be submitted in writing by mail, email or faxed per below:

Chase McVeigh-Walker, Senior Siting Analyst  
Oregon Department of Energy  
550 Capitol Street NE, 1<sup>st</sup> Floor  
Salem, OR 97301  
Email: [chase.mcveigh-walker@oregon.gov](mailto:chase.mcveigh-walker@oregon.gov)  
Fax: 503-373-7806

To raise an issue on the record of the Draft Proposed Order on RFA2, a person must raise the issue in a written comment received by ODOE before the comment deadline.

The Council will not accept or consider public comments on RFA2 or on the Draft Proposed Order after the written comment deadline that closes the record on the Draft Proposed Order.

Please note: All comments submitted to ODOE may be disclosed to the public, subject to Oregon Public Records Laws (ORS Chapter 192). Public comments may be available on the ODOE webpage for the Carty Generating Station as an attachment to the Proposed Order.

Comment submission does not register your contact information to receive future notices. If you would like to receive notices for this facility or any other EFSC facility, and have not already done so, please follow the information in this notice to subscribe to the ClickDimensions email notification list.

**EFSC Review Process:** The amendment request is being processed as a "Type B" amendment, per OAR 345-027-0368 and -0372. After ODOE has considered all comments received before the comment deadline for the Draft Proposed Order, as described in this notice, ODOE will issue a Proposed Order. The Proposed Order shall recommend approval, modification, or denial of the second amended site certificate. ODOE will issue, concurrently, a notice of the Proposed Order and the Proposed Order.

EFSC, may adopt, modify or reject the proposed order based on the considerations described in OAR

345-027-0375. In a written final order, EFSC shall either grant or deny issuance of an amended site certificate.

**Receipt of this Notice:** Please note that you may be receiving this notice for multiple reasons:

1. You own property within or adjacent to (within 500 feet) the property on which the facility is located. You will automatically receive all future notices on this facility.
2. You have requested to receive paper notices on the Carty Generating Station. If you wish to be removed from this mailing list, please contact Chase McVeigh-Walker.
3. You have previously signed up via GovDelivery/ClickDimensions or by contacting ODOE to receive notices related to Carty Generating Station or all EFSC project-related notices. You will automatically receive all future notices per your request, unless you unsubscribe via ClickDimensions or by contacting ODOE.

### PUBLIC NOTICE FOR WATER POLLUTION CONTROL FACILITIES PERMIT MODIFICATION

#### Request for Comments on Portland General Electric Company's Water Pollution Control Facilities Permit Modification for the Carty Generation Station

The Oregon Department of Energy (ODOE) and Oregon Department of Environmental Quality (DEQ) invite the public to provide written comments on a proposed modification to a Water Pollution Control Facilities (WPCF) Permit.

#### Summary

Portland General Electric Company (PGE or permittee) currently operates a 450 megawatt natural-gas fired energy generation facility (Carty Generating Station) and the Boardman Coal Plant, a coal fired plant to be decommissioned, located at 73334 Tower Road in Boardman, Oregon. PGE maintains a WPCF Permit for these energy facilities, in accordance with OAR 340 Chapter 045, for the management, storage, reuse, disposal, and treatment of industrial process wastewater and sanitary wastewater

WPCF Permit #100189 was issued on May 2, 2013 with an April 30, 2023 expiration date. The permit was subsequently modified via permit action letter on November 4, 2015 to align the permit with EPA's new Coal Combustion Residuals (CCR) Rules. Addendum #1 to the permit was issued and became effective January 24, 2019 which allowed the disposal of solar panel wash water. Since the permit was last renewed in 2013, DEQ has documented one violation for failure to monitor pH in two of the lined evaporation ponds and failure to monitor one pH sample during irrigation withdrawal as required—the facility was issued a Warning Letter for the missed pH monitoring and documented a return to compliance.

DEQ has not received any complaints since the permit was last issued.

PGE requests to modify the WPCF Permit to authorize disposal of turbine rinse water and to edit several other written permit conditions related to the closure of the Boardman Coal Plant to align with the future operations of the Carty Generation Station. The WPCF permit modification is under

review through ODOE and the Energy Facility Siting Council's site certificate amendment process.

#### Where can I get more information?

DEQ relied on information submitted by PGE in its August 17, 2020 written request for permit modification. To view information about this proposed permit action, including the request, permit evaluation report and underlying documents, contact Patty Isaak to make an appointment to review the documents:

Patty Isaak, Permit Coordinator  
Oregon DEQ

Fax: 541-278-0168  
Email: [Isaak.Patty@deq.state.or.us](mailto:Isaak.Patty@deq.state.or.us)

#### How do I participate?

You may submit your comments by 5 p.m. on November 2, 2020 by mail, fax or email to:

Chase McVeigh-Walker, Senior Siting Analyst  
Oregon Department of Energy  
550 Capitol St. N.E.  
Salem, OR 97301  
Email: [Chase.McVeigh-Walker@oregon.gov](mailto:Chase.McVeigh-Walker@oregon.gov)  
Fax: 503-373-7806

DEQ and ODOE will jointly review any comments submitted on the WPCF modification documents.

#### About the facility

The Carty Generation Station maintains an existing WPCF Permit allowing disposal of industrial and domestic wastewater using Carty Reservoir, a wastewater pond, and through seepage and evaporation. The WPCF Permit also authorizes and regulates wastewater and ash disposal.

## ATTACHMENT 1:

# PUBLIC NOTICE FOR WATER POLLUTION CONTROL FACILITIES PERMIT MODIFICATION

### **What types of pollutants does the permit regulate?**

The proposed modification to the WPCF Permit includes a condition that allows disposal of turbine rinse water into Carty Reservoir based on submitted analytical results in addition to the biodegradable cleaner data sheet. The permit also regulates sewage disposal to the sanitary wastewater ponds and process wastewater ponds at the site.

### **How did DEQ determine the requirements of the proposed WPCF modification?**

DEQ evaluates types and amounts of pollutants and the facility's location, and determines permit requirements according to state and federal regulations.

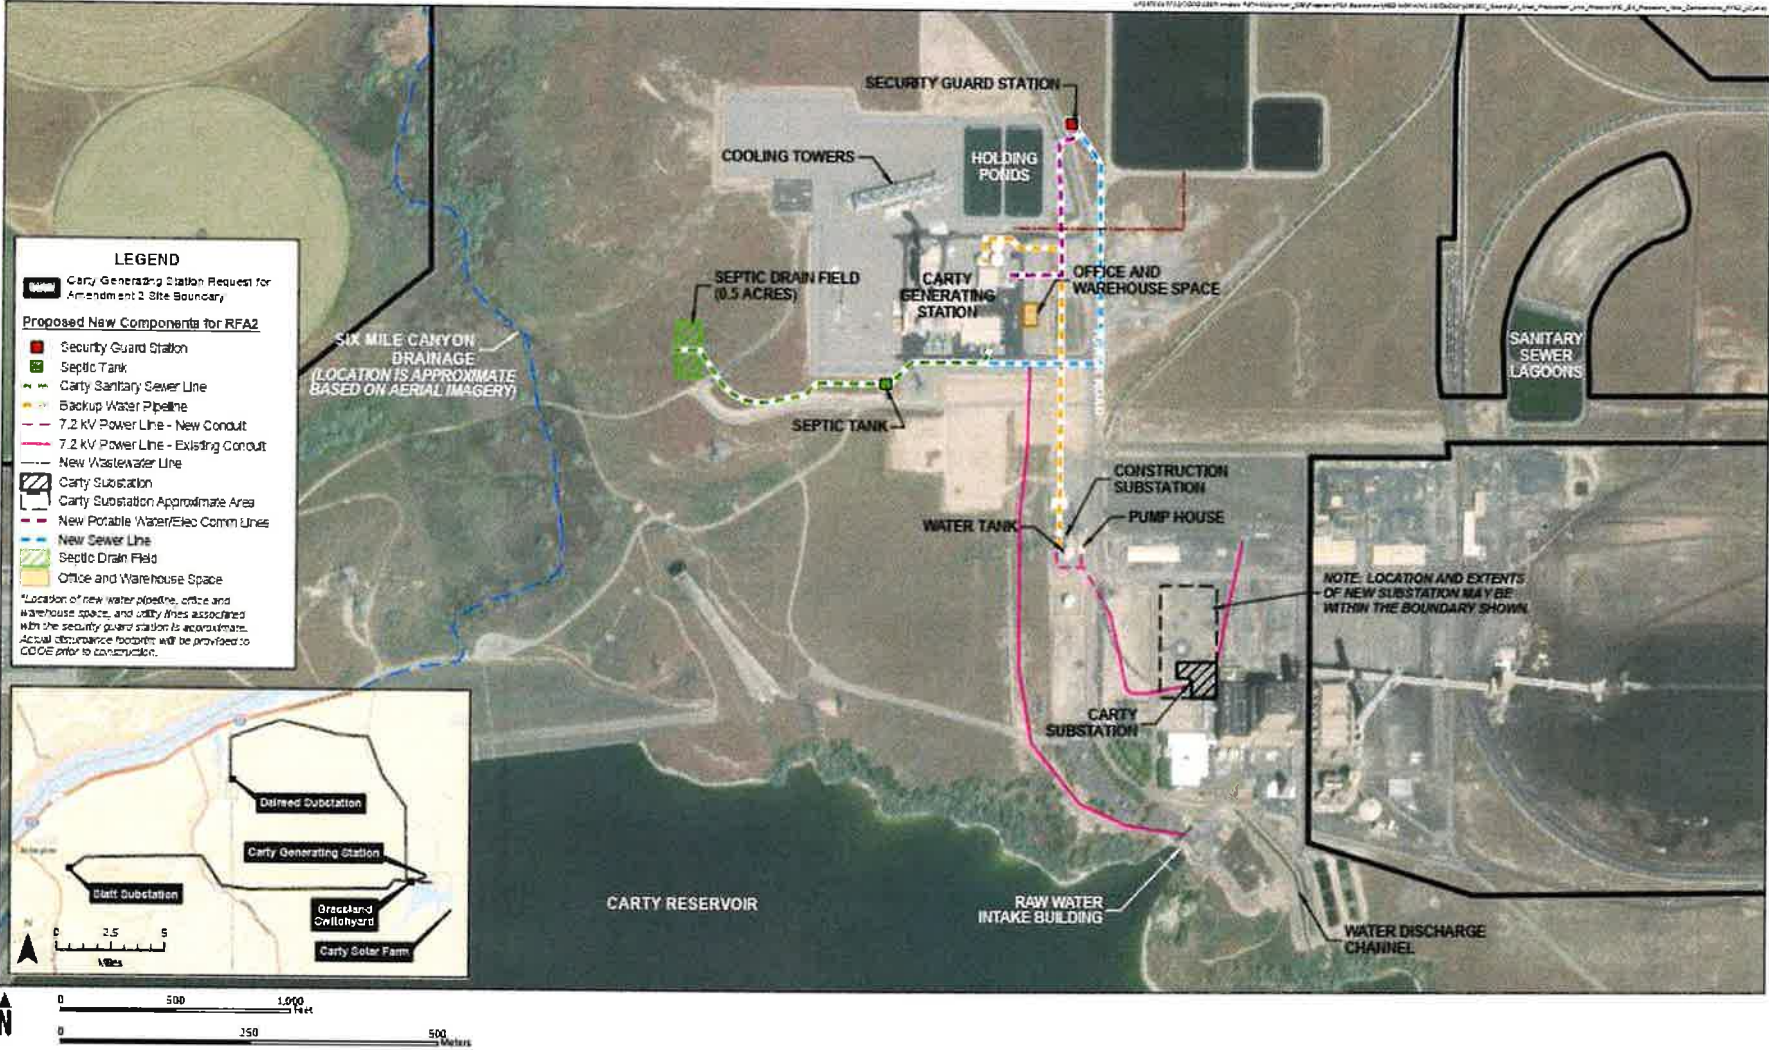

### **How does DEQ monitor compliance with the permit requirements?**

Environmental monitoring is required. The permittee must demonstrate compliance with permit requirements and conditions through the Energy Facility Siting Council site certificate process.

### **What happens after the public comment period closes?**

ODOE and DEQ will consider and respond to all comments received any may edit the proposed modification to the permit based on comments.

RE: 2020-21 Certification of Taxes

Enclosed is the certification of taxes and special assessments that will be collected for your taxing district. Measure 50 created permanent tax rates of all operating levies in 1997. The permanent tax rate times the district's assessed value determines the tax dollars available for operating purposes. If assessed value of the district increases the available tax dollars increase. If the assessed value of the district decreases the available tax dollars decrease.

Measure 5 tax limits remain the same at \$10.00 per thousand for local government operations and \$5.00 per thousand for school operations. This limit is determined against the real market value of the property, unlike Measure 50 which uses the assessed value.

Bonded debt calculations are outside of both tax limitations. The tax rate for bonded debt is determined by dividing the debt levy by the assessed value of the area covered by the bonded debt.

If you have any questions about the enclosed information or need additional information, please contact me.

Respectfully,

RE: Cancellation of October 14, 2020 Hearing

The October 14, 2020 appeal hearing involving Application No. LUD-N-26-20 has been cancelled until further action of the Morrow County Circuit Court.

Applicant Umatilla Electric Cooperative filed a "Writ of Mandamus" with the Morrow County Circuit Court (case number 20CV32310). Pursuant to ORS 215.429(2), once the Writ is filed with the Circuit Court, all jurisdiction for the land use action rests with the Circuit Court.

We have attached copies of the Writ, statute, and court orders filed so far in this case.

Parties may wish to consult with legal counsel regarding the writ process, and any potential to intervene in the writ action with the Morrow County Circuit Court.

IN THE CIRCUIT COURT OF THE STATE OF OREGON  
FOR THE COUNTY OF MORROW

State ex rel. UMATILLA ELECTRIC  
COOPERATIVE ASSOCIATION,

Case No. 20CV32310

Relator,

**RELATOR'S PETITION FOR WRIT OF  
MANDAMUS COMPLAINT**

v.

Fee Authority: ORS 21.135(1), (2)(g)

MORROW COUNTY BOARD OF COUNTY  
COMMISSIONERS,

Defendant.

COMES NOW, Relator Umatilla Electric Cooperative Association (hereinafter "UEC"), by and through its attorneys, Tommy A. Brooks and Casey M. Nokes, to petition this Court for the issuance of a writ of mandamus to compel Morrow County (hereinafter the "County") to approve an application for a land use permit submitted by UEC on March 11, 2020, for which the County failed to take final action within the timeline required by statute, and Relator alleges as follows:

1.

UEC is an Oregon business entity and member-owned cooperative that sells energy and supports services to improve the quality of life for its member communities.

2.

County is a county government and political subdivision of the State of Oregon.

3.

This Court has exclusive jurisdiction to hear this mandamus proceeding against Morrow

1 County and jurisdiction and venue in this matter are properly before the Morrow County Circuit  
2 Court pursuant to ORS 215.429(1) and ORS 34.120(1).

3 4.

4 Oregon land use statute ORS 215.427(1) requires counties to take final action on land use  
5 permit applications pertaining to lands outside urban growth boundaries within 150 days of an  
6 application being deemed complete, unless an extension is requested by the applicant or agreed  
7 upon by the parties.

8 5.

9 For purposes of ORS 215.427(1), final action on land use permit applications include the  
10 resolution of all local appeals allowed by counties under ORS 215.422.

11 6.

12 If final action is not taken by a county within the statutory deadline, ORS 215.429(1)  
13 allows the land use applicant to file a petition for a writ of mandamus in the circuit court to  
14 compel the county to issue an approval of the permit application.

15 7.

16 On March 11, 2020, UEC filed an application for land use approval allowing for the  
17 construction and operation of a transmission line on lands zoned for Exclusive Farm Use (the  
18 "Application").

19 8.

20 The County asked for no additional information and deemed the application complete on  
21 March 23, 2020, which began the 150-day clock under ORS 215.427(1) with a deadline of  
22 August 20, 2020 for final action by the County.

23 9.

24 County did not propose, nor did UEC agree, to any extension of the 150-day deadline,  
25 and the deadline for final action to be taken by August 20, 2020 was not extended.

10.

The County Planning Director issued a decision on the Application on July 24, 2020, approving the Application subject to certain conditions of approval that in the Planning Director’s judgment would ensure substantive compliance with the County’s comprehensive plan and land use regulations (“Director’s Decision”). The Director’s Decision is attached hereto as Exhibit A. This was not a final action, but rather a preliminary decision for purposes of ORS 215.427(1).

11.

Pursuant to Article 9 of the Morrow County Zoning Ordinance, a decision of the County Planning Director may be appealed to the County Planning Commission.

12.

The Director’s Decision was appealed to the Planning Commission by third parties on or about August 4, 2020.

13.

The 150-day deadline of August 20, 2020 passed without the County taking a final action on the Application.

14.

On September 4, 2020, the Morrow County Planning Commission affirmed the Director’s Decision and approved the Application subject to certain conditions of approval, which, in the Planning Commission’s judgment would ensure substantive compliance with the County’s comprehensive plan and land use regulations (the “Planning Commission Decision”). The Planning Commission Decision is attached hereto as Exhibit B. This too was not a final action, but rather a preliminary decision for purposes of ORS 215.427(1).

15.

Pursuant to Article 9 of the Morrow County Zoning Ordinance, a decision of the Planning Commission may be appealed to the Morrow County Board of County Commissioners.

16.

The Planning Commission Decision was appealed by third parties to the Morrow Board of County Commissioners on or about September 14, 2020, which appeal is currently pending before the Board of County Commissioners. The Notice of Appeal to the Morrow Board of County Commissioners is attached hereto as Exhibit C.

17.

To date, no final action has been taken by the County on the Application.

18.

ORS 215.429 provides that, where a county fails to take final action within the requisite time period, an applicant may apply in the circuit court for a writ of mandamus to compel the governing body to approve the permit application.

19.

Upon the filing of a mandamus action, ORS 215.429(5) requires the Court to issue a writ compelling the County to approve the application, “unless the governing body or any intervenor shows that the approval would violate a substantive provision of the local comprehensive plan or land use regulations as those terms are defined in ORS 197.105.” The statute further provides that the writ “may specify conditions of approval that would otherwise be allowed by the county comprehensive plan or land use regulations.”

20.

The County’s failure to issue a final decision on the Application within the 150-day statutory timeline required is in violation of ORS 215.427(1) and mandamus is therefore required under ORS 215.429.

21.

With the conditions of approval identified in the Director’s Decision and the Planning Commission Decision, a designee of the County has already determined that the Application does not violate any substantive provision of the County’s comprehensive plan or land use

1 regulations and, under ORS 215.429(5), this Court must issue a writ compelling the County to  
2 approve the Application with the conditions specified.

3 22.

4 ORS 215.427(8) provides that, where a county fails to take final action within the  
5 150-day time period, the county shall refund either the unexpended portion of any fees and  
6 deposits, or 50% of the total amount of such fees and deposits, whichever is greater.

7 23.

8 ORS 34.210(2) authorizes the Court to award attorneys' fees, costs, and disbursements to  
9 the prevailing party in a mandamus proceeding.

10  
11 WHEREFORE, Relator prays as follows:

- 12 1. That this Court issue a writ of mandamus compelling the County to:
- 13 (a) Immediately upon receipt of the writ, approve UEC's Application with the  
14 conditions of approval identified in the Director's Decision and the  
15 Planning Commission Decision; and
- 16 (b) Refund to UEC either the unexpended portion of all application fees and  
17 deposits previously paid, or 50% of the total amount of such fees and  
18 deposits, whichever is greater; and
- 19 2. That this Court award attorneys' fees, costs, and disbursements, as allowed by  
20 ORS 34.210(2).
- 21 3. That this Court grant Relator other such additional relief as the Court deems just  
22 and equitable.

**ORDER IN MANDAMUS**

- Allowing Alternative Writ of Mandamus and Orders
- Denying Alternative Writ and Orders
- Denying appointment of an attorney

THIS MATTER comes to the court on the below date for review of the file and Relator's Petition for a writ of mandamus to issue;  and upon the subsequent filing of proof of service of the petition upon the required parties and adverse parties if so required by the court; and

WHEREAS, the court finds that there is no basis to issue a peremptory writ under ORS 34.160; and furthermore,

WHEREAS pursuant to ORS 34.130, the court may require the Relator to serve the petition upon the defendant(s), and if the matter arises from Judicial or Administrative proceedings then upon all parties to that proceeding; and

WHEREAS, thereafter upon proof of lawful service if required by the court, that pursuant to ORS 34.130(3) an Alternative Writ must issue, but a peremptory mandamus shall not issue if there is there is a plain, speedy and adequate remedy in the ordinary course of law under ORS 34.110;<sup>i</sup> and THEREFORE:

The Court Finds that The Relator may file a Petition and:

- Fees are deferred for full payment.

*A judgment will be entered against Applicant as a lien against the inmate's trust account. Collection costs may be added without further notice if fees are not paid as ordered.*

- Fees are waived. The court may change or revoke this waiver at a later time.<sup>ii</sup>
- Fees are paid in full.<sup>iii</sup>

- Relator having moved for appointment of an attorney, there being no statutory authority for appointment of an attorney, the motion is denied. Relator may hire an attorney at Relators cost.

WHEREAS, pursuant to ORS 34.130 Relator may be required to serve a copy of the petition on the defendant and if the matter arises from Judicial or Administrative proceedings then upon all parties to that proceeding. The court may act upon an unserved petition as in a writ of review under ORS 34.010 et seq.; and THEREFORE:

- Petitioner has effected service and proof has been filed with the court.
- Proof of service does not appear to satisfactory as to defendant or all parties to prior proceedings and the Relator is required to effect service upon them and file proof with the court and is granted 30 days to do so before the case is dismissed unless an order for an extension of time for service is obtained.
- The court declines to waive service and requires the Relator to effect service of the petition and file proof with the court prior to the further consideration of the petition for issuance of a writ. The case shall be dismissed if proof of service is not filed with the court within 30 days or if an order for extension of time for service obtained.
- The court exercises discretion and will proceed without service of the petition.
- The petition fails to concisely state facts from which the writ can be authorized to allege the obligation of the defendant to perform an act and the omission of the defendant to perform the act. Therefore, the court being unable to craft the writ from the allegations denies the petition and allows Relator 30 days to re-plead with specificity the matters required or the petition shall be dismissed.

The petition alleges facts that the defendant has an obligation to perform an act and has failed by omission to perform an act, to wit:

See Petition  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

The court therefore orders that the alternative writ issue and upon service of the alternative writ by Relator under ORS 34.140 command the defendant to immediately perform the act or show cause before this court why defendant has not done so; and to return the writ with the certificate of defendant of having done the act or the cause of the omission thereof under ORS 34.150; and FURTHERMORE:

1. Thus an Alternative Writ of Mandamus shall be issued out of and under the seal of this Court, directed to the Defendant(s), requiring that a Return of the Alternative Writ be made in accordance with ORS 34.150(2) within thirty (30) days after service of a Court Certified Copy of the Writ, or in any event, after which a peremptory mandamus may issue under ORS 34.180, and if no responsive matters are filed the clerk shall set a hearing for issuance thereof. ORS 34.150(2)(b) & (c).<sup>iv</sup>
2. The Relator shall file proof of lawful service under ORCP 9 to the parties required in accordance with ORS 34.140, defendant(s), intervenors, adverse parties and counsel for the defendant(s), if any, of the petition, certified copies of the writ, and copies of this order, and pending motions, and any orders or memoranda issued by this court contemporaneously with the order and writ. Until such proof is filed the court shall not

set the matter for further hearing. If proof is not filed within 30 days the court may provide notice of pending dismissal.

3. The defendant(s) shall either file the certificate required in response to the writ under ORS 34.150 or in the alternative and pursuant to ORS 34.170 the defendant on whom the writ was served may show cause by motion to dismiss or answer to the writ, in the same manner as to a complaint in an action. If any defendant moves to dismiss then the court will set a hearing for a motion to dismiss. If an answer is filed then the Relator shall timely file a replication.<sup>v</sup>
4. At any time until the return date of the alternative writ, any adverse party may intervene in the mandamus proceeding as a matter of right; at any time subsequent to the return date of the alternative writ, adverse parties must have prior approval of the Court to intervene.<sup>vi</sup>
5. The Relator shall file a Replication within twenty (20) days in response to the Return/Answer of defendant, and if the responsive matter is other than a statement of the allegations seeking relief such is ordinarily a demurrer to the answer. If the Replication contains new matter, the defendant may move against the new matter within 30 days and the Relator may reply as to that matter within twenty (20) days. Otherwise the Defendant may countervail such matter on the trial or other proceedings by proof, either in direct denial or by way of avoidance.<sup>vii</sup>
6. The pleadings in the proceeding by mandamus are those mentioned in ORS 34.170 and 34.180, and none other is allowed.<sup>viii</sup> Any pre-trial Motions, including but not limited to a Motion to Dismiss and/or Strike, shall be filed no later than thirty (30) days after receiving notice of trial setting. The Relator shall have 20 days after service to file a response to the defendant's motion or demurrer. Subsequently, the defendant shall have 20 days after service to file a reply to the petitioner's response.<sup>ix</sup> Upon a showing of good cause, the court may, in its discretion, grant additional time to file any pleadings.<sup>x</sup> Certificates of service and mailing shall be filed as to matters filed with the court and

copied to other parties of record or required parties. Any pleadings or matters not copied to any other party of record may be struck.

7. If either Party requires the services of a Court Interpreter, request must be made to the Morrow County Circuit Court office at least four (4) judicial days prior to the date set for trial or hearing.<sup>xi</sup>
8. The Parties must submit all proposed Exhibits and/or Memorandums to the Morrow County Circuit Court at least ten (10) days prior to the date set for hearing on motion to dismiss or trial.<sup>xii</sup>
9. Trial of the above-entitled matter will normally be set for thirty (30) minutes; motion hearings will normally be set for fifteen (15) minutes. If the services of an interpreter is needed the hearing time will normally be doubled. In the event that hearing of the matter will take longer than the time indicated above and/or witnesses, other than the Relator will be called, a motion for additional time must be filed within twenty (20) days of the date of the hearing or Trial.
10. Modifications to the above-noted time limitations must have prior approval of the Court and will only be approved upon good cause shown. Such modifications shall be requested by Motion supported by Affidavit, with a separate Proposed Order submitted in accordance with UTCR.
11. Unless the court orders otherwise, all trials and oral argument on motions will be conducted by video/phone.
12. The Umatilla/Morrow Trial Court Administrator's Office shall forward a copy of this order to the Relator and may provide courtesy copies to the Defendant and judicial or administrative parties if clearly known, which such not replacing service otherwise required by the Relator of the defendant and parties to prior proceedings.

- i If there is no response to petition and alternative writ at the time set for the return, a hearing set thereafter will consider whether the Relator has sufficiently alleged and supported that Relator does not have a plain, speedy, and adequate remedy in the ordinary course of law. Thus, the court if presented with the necessary information is to determine “[t]he existence, or non-existence, of an adequate and specific remedy at law under the ordinary forms of legal procedure . . . [t]he remedy provision of ORS 34.110 sets out an overarching, fundamental, and time-honored requirement that operates to bar mandamus relief if a plain, speedy, and adequate remedy at law is available to the relator.” *State Ex Rel Portland Habilitation Ctr, Inc, citing to also Durham v. Monumental S. M. Co., 9 Or. 41, 44 (1880).*
- ii This provision applies when Petitioner is filing a Petition for Writ of Mandamus with an application for waiver or deferral and an Affidavit of Indigency. If Petitioner is incarcerated, filings should also include a certified copy of the inmate’s trust account statement for the six-month period immediately preceding the filing of the petition. The statement must be certified as correct by an official of each correctional facility in which the inmate was confined within the six-month period or by an employee of the Department of Corrections charged with the responsibility of overseeing inmate trust accounts. The court will only waive the inmate’s fees and court costs if the court determines that the inmate has no funds and will not have funds. If the court determines that the inmate has or will have funds to pay fees and court costs, the court shall require full payment of the filing fees and court costs, or, if funds are not immediately available in the inmate’s trust account, shall assess and collect filing fees and court costs as funds become available in the inmate’s trust account. If the court finds that the pleadings fail to state a claim for which relief may be granted, the court may decline to waive or defer filing fees or court costs.

If the court finds that the pleadings fail to state a claim for which relief may be granted, the court may decline to waive or defer filing fees or court costs.
- iv In the event of failure to file a Return, Answer, or Motion to Dismiss, a peremptory mandamus shall be allowed against the defendant [ORS 34.180]. The court, however, cannot issue a writ of mandamus if there is a plain, speedy and adequate remedy under law.
- v The alternative writ issues and then "serves as the "foundation for all subsequent proceedings," Johnson v. Craddock et al, 228 Or 308, 322, 365 P2d 89 (1961) . . ." At that point the "petition for mandamus is no part of the pleadings." State ex rel Venn v. Reid, 207 Or 617, 622, 298 P2d 990 (1956). Kent Sieda and Coast Drafting & Design v. The court sets a date for the return of the writ for the defendant to answer and either show that the act sought to be compelled was performed, or show cause why the defendant has not done so. ORS 34.170. Additionally, instead of an answer the defendant may file a motion to dismiss for failure to state a claim. ORS 34.180; State v. ex rel Osborne v. Cook, 185 Or App 317, 325 (2002); ORCP 21. If the plaintiff files pleading against the answer rather than a replication then that is likely to be considered a demurrer. See, State ex rel. Lovell v. Weiss, 430 P.2d 357, 250 Or. 252, 84 Or.Adv.Sh. 1057 (1967). If no answer or motion is filed then the court grants the alternative writ with a peremptory mandamus. ORS 34.180. If an answer is filed then the petitioner files a replication to set forth the claims for relief typically then mirroring the petition. See, Alexander v. Gower, 113 P.3d 917, 200 Or App 22 (2005). If a motion to dismiss is filed then within the timeframes allowed a response to the motion is to be filed, and a memorandum of authorities may be also filed in opposition to the motion. A reply memorandum is allowed then to a response memorandum. UTCR 5.030. The court may consider affidavits, declarations, and other evidence. If the plaintiff's replication contains new matters then the defendant may move against the new matters. ORS 34.180.

### **215.429 Mandamus proceeding when county fails to take final action on land use application within specified time; jurisdiction; notice; peremptory writ.**

- (1) Except when an applicant requests an extension under ORS 215.427, if the governing body of the county or its designee does not take final action on an application for a permit, limited land use decision or zone change within 120 days or 150 days, as appropriate, after the application is deemed complete, the applicant may file a petition for a writ of mandamus under ORS 34.130 in the circuit court of the county where the application was submitted to compel the governing body or its designee to issue the approval.
- (2) The governing body shall retain jurisdiction to make a land use decision on the application until a petition for a writ of mandamus is filed. Upon filing a petition under ORS 34.130, jurisdiction for all decisions regarding the application, including settlement, shall be with the circuit court.
- (3) A person who files a petition for a writ of mandamus under this section shall provide written notice of the filing to all persons who would be entitled to notice under ORS 197.763 and to any person who participated orally or in writing in any evidentiary hearing on the application held prior to the filing of the petition. The notice shall be mailed or hand delivered on the same day the petition is filed.
- (4) If the governing body does not take final action on an application within 120 days or 150 days, as appropriate, of the date the application is deemed complete, the applicant may elect to proceed with the application according to the applicable provisions of the county comprehensive plan and land use regulations or to file a petition for a writ of mandamus under this section. If the applicant elects to proceed according to the local plan and regulations, the applicant may not file a petition for a writ of mandamus within 14 days after the governing body makes a preliminary decision, provided a final written decision is issued within 14 days of the preliminary decision.
- (5) The court shall issue a peremptory writ unless the governing body or any intervenor shows that the approval would violate a substantive provision of the county comprehensive plan or land use regulations as those terms are defined in ORS 197.015. The writ may specify conditions of approval that would otherwise be allowed by the county comprehensive plan or land use regulations.

Good Afternoon Commissioner:

I wanted to share with you, that what we understood to be your wishes, Sheryll Bates was appointed by Commissioner Roberts, to an "At Large" position on the Eastern Oregon Workforce Board. Sheryll will continue to serve as Secretary/Treasurer and sit with the Executive team. With her experience, passion and willingness to help, she is valuable member of the Board, and we appreciate Sheryll for wanting to stay involved.

I, also wanted to share with you, that the EOJC By-laws read that "Counties shall have one, but not more than two representatives". Therefore, with Sheryll as an "At Large" member, if at some time Morrow County would like to appoint another "business person" to the Board that is an option. Please just let me know.

Feel free to contact me with any questions, comments or concerns.

Thanks,  
Regards,  
Bill
